Subject: RE: Dairy Inspection Reports

Hello Dan and Mike,

You are welcome. Yes, I will write compliance inspection report for Bar 20 Dairy No. 2 & 3 and you said that you will send a letter that you were present during the inspection and observed the inspection process as well as the facility conditions. Yes, you are right about the Discharger specific order for Bar 20 Dairy No. 2 & 3.

For Costa View Farms Dairy # 2 and LaSalle Dairy, yes, I will write State version of follow-up inspection letter/reports. I agree with you on sharing the information on inspection reports before sending them out. Please let me know whenever your reports are ready. My reports will take at least two months from now.

Yes, R5-2013-0122 is the Reissued General Order (most recent for Existing Milk Cow Dairies).

Operators information per your request follows:

Subject: Dairy Inspection Reports

Hello Balraj,

Thank you again for scheduling our Fresno region dairy inspections last week and ensuring that they went smoothly. I wanted to confirm with you that the Bar 20 No. 2 & 3 inspection was state led and we will not be issuing a report on behalf of EPA. However, we will be issuing reports for Costa View Farms #2 and LaSalle Dairy. Will you be writing your own reports for Costa View and LaSalle? We will send you our reports, and we'll invite any comments you may have, but if you are also writing reports we'd also like to make sure our conclusions do not conflict as these were joint inspections.

Additionally, I have contact information for all of the dairy consultants but I'd also like contact information for the dairy operators if you have them. I also wanted to confirm with you that R5-2013-0122 is the most up to date general order for dairies. It's my understanding that Costa View and LaSalle were covered under the general order, but Bar 20 has a discharger specific order (R5-2008-0066), as they are a newer facility, but please correct me if I am mistaken. I appreciate your assistance.

Thank you,

Dan Kostek
